LAME DEFENSE.—The Review of last evening attempted a defense of its carelessness, if nothing worse, in publishing an item "which afforded occasion for the deadly affair" on Monday evening.

The Review failing to clear its skirts by showing that it had correctly reported Mike Holland's words in regard to the shooting on Sunday night, tries to blacken the memory of poor Charley Hickey and to defame the unfortunate Mr. Holland, who is unable to defend himself, by the insinuation that there was "something back" of the item which led to the affair. It also claims to have heard it on all sides that there was a woman at the bottom of it. This is but a weak effort on the Review's part to divert public attention from its own guilt to a contemplation of the assumed indiscretion of the two parties to the late affair. The Review has given its readers at least one piece of news, for until that paper appeared last evening no one supposed that there was any woman in the case. Indisputable evidence can be obtained that Holland and Hickey, with several others, had just drank together—Holland and Hickey being on the most friendly terms—when Hickey read the offensive item in the Review, and turning to Holland asked if he had given the item. Holland said no, but Hickey said he must have done so, and immediately after the affair commenced. The Review may find fault with the officers who gave way to their feelings and made use of weapons on the streets, but that will not excuse it for being the means of bringing on the quarrel and then of trying to raise the impression that something else than its item brought on the difficulty.

THE FUNERAL OF C. HICKEY took place yesterday afternoon. Soon after 4 o'clock the procession left the Court House and proceeded up Main street, thence through Cedar street to Meadow Valley street and thence to the Catholic burying ground. The hearse was attended by eight pall bearers and followed by not less than two hundred citizens on foot, in carriages and horseback. As the long procession slowly and solemnly wound its way along the principal streets one could not help regretting that a man in the prime of life, full of health and strength should be so suddenly called to his final account, through an altercation caused by the publication of a paragraph which was construed to reflect on the unfortunate deceased. When the cold hand of death is stretched over a fellow-being, all his deeds done in the flesh are covered by the sacred protection of the grave, and we can only reverently hope that the mercy of the Creator may be extended to him and all mankind.

RAYMOND & ELY.—We copy the following concerning this mine from the San Francisco Stock Report:

A dispatch from the Superintendent, under date of October 2d, says: "I shipped yesterday \$33,286. This shipment is on the September account. We lost two and one-half days on account of breakage of main driving pulley of the new mill. The next shipment will be on the 5th. The third one will be on the 8th, and by the 11th of the month we will recover our regular shipment days. The mine looks splendidly, and continues to improve in the winze from the 423-foot level down. Previous shipment in Sept'r. \$302,094. Add. \$35,476.

Total for September. \$335,570

Equivalent to \$11,185 66 per day. RICH STRIKE.—We learn from M. Peralich, foreman of the mine, that a rich strike has just been made in the Lone Star mine, Highland, about eight miles from Pioche. Previous assays of ore from this mine ran from \$100 to \$400 but the new strike shows, at a depth of 37 feet from the surface a vein of solid ore 2 1/2 feet wide, which competent judges join in saying will yield much better than that previously obtained. The Lone Star was recently incorporated in San Francisco by J. Maguire, R. H. Rogers and others.

COUNTY COMMISSIONERS met yesterday and allowed a number of accounts, amounting to the sum of \$6,724—making a total of \$13,684 allowed this term. The petition of citizens of Rose and Eagle Valleys relative to repairing public highways was read and laid over. The consideration of the matter of plastering the Court House was postponed until this day at 2 p. m. On Monday the Board granted the petition of the inhabitants of Rose Valley for the establishment of a school at Eagleville. The clerk of the Board was directed to advertise for proposals for supplying the county with 150 cords of wood.

Geo. C. Boyd, Deputy Sheriff, was yesterday detailed by Sheriff Kane to act as night watchman in place of Charles Hickey, deceased. Mr. Boyd is a faithful officer, and will do his duty in his new and difficult position.

WILL RECOVER.—The physicians attending Mike Holland have every reason to believe he will recover. His condition is not deemed dangerous unless excessive inflammation should set in.

RAILROAD LABORERS.—Those desiring work on the Pioche and Bullionville Railroad can obtain employment at \$4 per day by applying to C. H. Beckwith, at the works of the company.

CUTTING & CO.'S California Canned Fruits, Jellies and Jams are far superior to all other brands. For sale by all first-class grocers.

REGISTERED.—The number of voters registered up to six o'clock yesterday evening was 829.

THE DISTRICT COURT will convene this afternoon at 2 o'clock for the naturalization of voters.

The examination of the Ladner case was postponed until this morning at 11 o'clock.

LOCAL ITEMS. CORONER'S INQUEST.

The following testimony was given yesterday at the inquest on the body of the late Charles Hickey:

John Pattie sworn: I was in Lynch's saloon about half-past 9 p. m., Oct. 7th; there were two or three of us standing in front of the bar—Chas. Behr, John Crowley and John Lynch; Charley Hickey came in; Crowley made a remark: "Did you see that item in the Review?" Hickey got hold of the paper and while he was reading Mike Holland came in; Hickey said to Mike: "Did you have this put in this paper?" Holland said no, but Hickey said "you must have given the item, as it reflects on me;" they talked somewhat rough to each other, when I interposed, and told them it did not amount to much and to let it drop; Holland said, "come outside and I will fight you;" he started for the door, drawing his pistol as he did so, and as he drew the pistol, before he got to the door, it discharged; I rushed out after Holland and took hold of him just outside of the saloon, and said, "Mike, for Christ's sake let this drop;" as I grabbed Holland Hickey came out of the upper door with his pistol in his hand; I said, "Stop this;" but remarks were made; Hickey said to Holland, "You are a d—d little cur," and Holland said to Hickey, "You are a d—d big loafer;" they both then commenced shooting; I stepped back, finding that it was dangerous for myself; it is my impression that Hickey fired the first shot on the outside of the saloon. I saw Mr. Hickey afterwards; he had a wound in the breast about the heart, and he had one in his side; I understand Hickey is a native of Ireland, and is about 33 years of age.

Walter F. Rand, Frank Kenyon and Chas. Behr also testified before the Coroner, but their testimony throws no additional light upon the subject. Dr. Deal testified to the nature of the wound, after which the jury returned a verdict that death was caused by wounds inflicted by Holland.

ATTEND TO your teeth; don't wait until they ache and then in language of regret say you would give most anything to save them. Go at once to Dr. Nichols, Main street, and avoid sleepless nights. Save your stock of patience and, what nature intended, your teeth. a28

A FURY.—There is a horrible woman in Kentucky, who has lately committed so vile a deed that it makes us fear that after all Josephine McCarthy may be right in her bad opinion of her sex. This Kentucky fury has just starved and murdered a step-child under such frightful circumstances of revolting cruelty that it fairly chills the blood with horror.

THE financial wisecrack of the Virginia Enterprise says: But for the gold reserve in the United States Treasury, the gold gamblers would cause the rise to reach over 20 per cent.

Yes, but if the specie payments were resumed, as they ought to have been long since, where would the gold gamblers or the gold market be? They would have vanished like the occupation of Othello.

The Japan steamer China brought full particulars of the burning of the Americas. The loss of life included three Americans and 59 Chinese, besides Japanese. About \$300,000 in treasure was lost. The act of inquiry decided that the fire was not accidental, but intentional.

WITHDRAWN.—We regret to learn that Judge Hupp, of Lander county, has withdrawn as a candidate for the Assembly. The Judge's unquestioned ability and remarkable powers as an orator would have rendered him a valuable acquisition in the Legislature.

PRESENTED.—The employees of the Sutro Tunnel Co. have presented John D. Bethel with a diamond ring, as a mark of their appreciation of the manner in which he discharged the duties of acting Superintendent of the Sutro Tunnel.

THE Louisville Courier Journal says, that Susan B. Anthony alone knows the age of the Falls of St. Anthony, and she cannot tell, because she is so old that she has forgotten it. If ever the antique Susan gets hold of that editor, he will look as if he had interviewed a party of Apaches on the war path.

THE Reese River Reville says that men are scarce in that district and that mining superintendents find it almost impossible to keep their mines running for lack of help.

ROOFING!

THE UNDERSIGNED IS PREPARED TO furnish the people of Eastern Nevada with Asbestos, Tin and Felt Roofing

H. W. Johns' Asbestos is recommended by leading builders in the Eastern States to be superior to either tin or shingles, as it neither expands or contracts by heat or cold, and is practically fire and water-proof. It is 30 inches wide, and is easily applied by any one.

From Report Judges American Institute Exhibition of 1870: H. W. Johns' Improved Roofing—"Is strong and flexible, unaffected by the sun's heat, practically fireproof, and is really an article of the first order of merit." Signed, HORACE GRELEY, Pres't. GEO. PEYTON, Rec. Sec'y. SAM'L D. TILLMAN, Cor. Sec'y.

Report of Judges American Institute, 1871. "These materials prove, by their general use and test of time, to answer their purposes fully." "The Best Article in the market." Signed, W. B. OGDEN, Pres't. JOHN W. CHAMBERS, Rec. Sec'y. SAM'L D. TILLMAN, Cor. Sec'y.

This roofing is particularly adapted to mills and furnaces, as it is acid proof, and does not sweat or rust. Also Asbestos roof paint and cement. Canvas roofs made perfectly water-tight, by Asbestos Cement.

Also, Asbestos roof paint, to be used on Asbestos, tin or shingles; and Asbestos Cement for bad leaks, rust or nail holes in tin before painting. TIN ROOFING done up in neat bundles of 100 feet, in sheets 10 feet in length, sent with proper directions to any part of Eastern Nevada.

Also, common felt for sheds and other cheap, flat-roofed buildings. Send exact measurement of building over all, and all roofs will be guaranteed to fit.
